Budget Action description:

This green sheet imposes the following proviso:

“Of the appropriation in the 2012 budget for the Seattle Public Utilities’ (SPU’s) Other Operating BCL, \$50,000 is appropriated solely for consultants to assist SPU’s field workforce efficiencies work group and may be spent for no other purpose.”

SPU has convened a work group of employees and managers and is collaborating with labor on identifying how to most efficiently and effectively deliver field services. An outside consultant could provide a perspective of utility standards and other service delivery models, or other analysis that would assist the work group.
